FROM: David Bruce ✓
TO: Colonel Donovan ✓
SUBJECT:

DATE January 22, 1943

Bernard
I talked today to Yarrow of the New York Office
regarding Barmine. He knows Barmine well and believes
that, if the Russians ever learn that we have him
here, even under an assumed name, it might make a
great deal of trouble for us.

Notation from Donovan:

"This supports the view that we must not have him
in any (?) circumstances (?)/"
